

SCRIPTED PIPELINE

Sample:

```
node {  
    stage('first stage'){  
        echo 'fetching source code from github'  
    }  
    stage('second stage'){  
        echo 'this is building....phase'  
    }  
    stage('third stage'){  
        echo 'this is testing...phase'  
    }  
    stage('fourth stage'){  
        echo 'this is deploying phase'  
    }  
}
```

INTEGRATION OF GIT AND MAVEN

```
node {  
    stage('first stage'){  
git branch: 'main', url: 'https://github.com/Sushmagowdaaaa/maven_Project.git'  
    }  
    stage('second stage'){  
        build 'maven-job'  
    }  
    stage('third stage'){  
        echo 'this is testing...phase'  
    }  
    stage('fourth stage'){  
        echo 'this is deploying phase'  
    }  
}
```
